This program was fantastic in many ways and I personally wish I could do it again  
– Leah, USF

The trip was so much fun and I really became a lot more confident speaking in Japanese even though my grammar is still horrible. I learned a lot about our cultural differences and similarities. It also helped me make some wonderful international friends. The affordability is a plus as well.  
– Audrey, USF

I had never been to Japan before even though I was intrigued in Japanese culture. Therefore, the program was a great chance for me to understand deeper about its culture including Tea Ceremony and even interacting with Japanese.
